

CONTI GIAN ENRICO

Software engineer with over 25 years of commercial experience, using ASM, C, C++ Cocoa and networking technologies. Gained valuable experience in most phases of the software development life cycle writing both client and server software, always happy to be part of a team. I do work in teams some times as project leader, other as a member. I personally hate Java development tools and language.

KEY SKILLS

Programming Languages	Strong C/C++, objC, Swift, Assembly, Clever in C#
Platforms & Frameworks	Cocoa / Xcode, .NET/ Visual studio , I know but dislike Java / eclipse
OS's & IDE's	Mac OS X, iOS and Windows IDEs: Xcode, Visual studio, IntelliJ
Office Suite	Office but I usually use superior solutions from Apple (Pages and Number). For serious writing I use Adobe Suite Programs.
Linguistics	technical English. (Ancient Greek and Latin)
Other	Low level debugging, past experience in HW, network admin, server admin.
